Finnway Reading Diploma

This year at Finnway, we are focusing on emphasising the importance of reading in our students' lives. In the classrooms, all teachers have found different ways to encourage students' reading.

As a school, we are introducing the Finnway Reading Diploma for our Primary students. With this initiative, we aim to encourage students to cultivate a habit of reading during their time at home. Our goal is to inspire children to get excited about reading, discover interesting books they enjoy, and, of course, improve their reading skills.

All children will receive instructions from their classroom teacher on how to complete the diploma at home next week!
