

Dear Finnway Community,

We hope you enjoyed a restful holiday break. As we commence Term 2, we extend a warm welcome back to our students and their families. We trust you are ready for the journey that lies ahead.

Term 2 promises to be an engaging period, blending both academic focus and enjoyable activities. Students can look forward to the Finnway Book Week, our annual Sports Day, and the cultural festivities for Chinese New Year and Songkran. As we foster hands-on learning and make real-life connections, we are thrilled about the upcoming field trips with our older students.

To promote student agency, this term is all about students learning to take responsibility for their own learning. At the end of the term, our primary students will showcase their learning in student-led conferences to their own parents, while Kindergarteners' families get to explore life at Finnway Kindergarten in Stay and Play. Instead of written reports, you will get to experience and see your child's learning first-hand!

Please keep the Term 2 Calendar safe and continue to follow the School Newsletter on Thursdays for any additional information. We appreciate your ongoing support and participation in the Finnway community.

As we start this term, let us collectively create a positive learning environment for all Finnway members!

Wishing everyone a successful start to Term 2!

Warm regards,

The Finnway Team
