EXCITING WEEK: PRE-K & K1

This week has been one of the most exciting for the Pre-K and K1 children, as they've been immersed in learning about different occupations. The highlight by far was when they had the chance to step into the role of veterinarians, caring for their little furry patients with so much enthusiasm. Their joy and imagination were contagious as they bandaged stuffed animals, listened to pretend heartbeats, and learned all about what it takes to keep animals healthy. It was truly a day of learning through play, and the children's excitement was a delight to witness!
