

## **PHUKET AQUARIUM PRIMARY FIELD TRIP**

On Friday, our Primary students visited the Phuket Aquarium as part of their Project-Based Learning journey. Although the weather meant we had to adjust some of our original plans, the indoor experiences offered plenty of opportunities for exploration and discovery.

Students engaged with a variety of marine exhibits, learning about ocean life, ecosystems, and sustainability. They also watched an educational video presentation in the Aqua Dome theatre, and some groups had the chance to see a live fish feeding, which gave them a closer look at how marine animals are cared for.

The field trip supported our focus on the transversal competency of Participation, Involvement, and Building a Sustainable Future, connecting classroom learning to real-world experiences.

Thank you to all the staff for your flexibility and to the students for their curiosity, positivity, and excellent behaviour throughout the day.

## **UNDER-9S FINNWAY FOOTBALL TEAM VS UWC – A WELL-FOUGHT DRAW**

Our Under-9 Finnway football team travelled to UWC this week for a friendly match filled with great energy and determination. The game was closely contested, with both teams showing strong teamwork and skill throughout.

The match ended in an exciting 3-3 draw, with Finnway demonstrating resilience, sportsmanship, and excellent collaboration on the field. We are incredibly proud of how our players represented the school — both in their performance and their attitude.

Well done to the team and thank you to the coaches and supporters who cheered them on!

#### SHOW YOUR CULTURE THROUGH FOOD!

Parents are invited to bring a dish from a country you are connected to or wish to represent.

If you would like to participate by sharing a dish, please fill out the **Food Registration Form** using [this link](#).

#### Food Labels

Please label your dish with key ingredients (e.g. contains dairy, nuts, gluten, etc.),
