

Let's Explore the World

Hands-On Science Meets Global Discovery

As part of our Let's Explore the World theme, the students carried out a hands-on science experiment outdoors using bicarbonate of soda, vinegar, and food colouring. They discovered that about 71% of Earth is covered by oceans and 29% by land, while also seeing how a chemical reaction creates bubbles and gas. Learning outside made the experiment even more exciting and engaging, sparking curiosity, observation, and lively discussions about the importance of our oceans and the world around us!

Lunch Time Club

Kitchen Garden

Our Primary students have really been enjoying Garden Club every Wednesday and Thursday. It's a chance for them to get outside, roll up their sleeves, and learn through nature. From planting seeds to looking after growing plants, the children are discovering how rewarding it is to care for the garden together. It's become a lovely mix of learning, teamwork, and fun each week.

LITERACY LEARNING CAFE

Join us for
Learning Café!

MONDAY

29 SEPTEMBER 2025

2:15 - 3:15 PM

Multi-Purpose Room
(2nd floor)

Pillar Focus

Exploration: "The way we learn"

At Finnway, we encourage curiosity and critical thinking through student centered learning, allowing students to discover new ideas and concepts.

Learning Cafe Highlight

"Join us for Literacy Stations across Grades 1-6, where parents can take part in hands-on activities and engage directly with students as they showcase their learning."
