

Kindergarten Learning Café

SEN at Finnway

We were so pleased to welcome so many parents to our recent Learning Café. The session introduced how our Special Needs Education (SEN) programme is part of Finnway's identity — supporting all children through inclusion, growth, and confidence.

Afterwards, parents enjoyed visiting the classrooms, where they could spend relaxed time with their children in their own learning environment. It was a lovely opportunity to see the spaces, connect with teachers, and simply share a joyful moment together.

Celebrating Literacy at Our Primary Learning Café

English Literacy

This week, our Primary community came together for our first Learning Café of the year, with a focus on Literacy. Parents were warmly welcomed into the Multi-Purpose Room to explore how literacy is taught and developed at Finnway.

During the session, our teachers shared insights into the key areas of literacy — reading, writing, speaking, and listening — and how these skills are nurtured across all subjects, not just in English lessons. Parents also had the opportunity to take part in engaging literacy stations from Grades 1–6, where students proudly showcased their learning. In addition, teacher-led stations highlighted how literacy is integrated across the curriculum, how we support English as an Additional Language, and ways parents can encourage literacy at home.

We would like to thank our wonderful students, who confidently shared their learning with parents, and our teachers, who prepared and ran inspiring stations. A big thank you also goes to the staff who helped set up such a fantastic and welcoming environment in the Multi-Purpose Room, it made the afternoon feel special for everyone who attended.

And of course, a heartfelt thank you to our parents for taking the time to attend, participate, and support your children's learning. Your presence and encouragement mean so much to both the students and our school.

We look forward to welcoming you again for our next Learning Café in Term 2, coming up in January, where we will continue to share and celebrate learning at Finnway.

Lunch Time Club

Computer Club

Our Lunchtime Computer Club has quickly become a favourite activity for many students from Grades 1–6. Each week, children have the chance to explore technology in a fun and engaging way during their lunch break.

Students are enjoying activities that build both creativity and problem-solving skills — from practising typing and researching to trying out coding games and working on digital projects. The club gives children a chance to build confidence with technology while also having fun with their friends.

It has been fantastic to see so much enthusiasm from the students, and we are delighted to be able to offer this opportunity as part of our lunchtime club program.

Learner Profile of the Month: Collaborative

We enjoy working with friends to achieve our goals together!

This month, we are focusing on the Learner Profile attribute Collaborative. Students will have opportunities to showcase how they work together and support one another in their learning.

Each assembly, different grades will take the lead in presenting during our Primary Assemblies. All parents are warmly invited to join and watch our assemblies. Teachers will also inform you in advance if your child is receiving a Learner Profile Award that week or if your child's class will present their learning, so you don't miss the chance to celebrate their achievement.
