

## Early Childhood Education and Care Goal Setting Meetings

### *Kindergarten*

Dear Parents,

Thank you very much for participating in our **Early Childhood Education and Care goal-setting meetings**. It was a pleasure getting to know you better and hearing your valuable insights about your children.

We truly appreciate your time and collaboration, and we look forward to continuing our partnership in supporting your child's learning and growth throughout the year.

## Primary Team Building Morning

### *Building Connection and Collaboration*

On Thursday, 9 October, our Primary students took part in a fun and engaging **Team Building** Morning designed to help them connect with one another, work in teams, and strengthen collaboration — our Learner Profile focus for the month and part of the Finnway Pillar of Wellbeing, **"The Way We Connect."**

Throughout the morning, students participated in a variety of team challenges that encouraged communication, problem-solving, and cooperation. It was wonderful to see students supporting one another, showing leadership, and celebrating shared success.

The event was filled with energy, laughter, and moments of genuine collaboration — a reminder of the importance of connection and teamwork in learning. A heartfelt thank you to Teacher Briane and Teacher Kayla for planning and organising the morning, and to all Primary staff for their support. We are proud of our students for the positive spirit and teamwork they showed throughout the day.

## Lunchtime Clubs

### Primary Football

Our Primary students have been **thoroughly enjoying their Football Lunchtime Clubs** with Teacher Jomar and Teacher Thae. The sessions have been full of energy, teamwork, and smiles as students practice their skills, learn new techniques, and enjoy friendly games with their friends.

## Learner Profile Award: Collaborative

At **Friday's Primary Assembly**, we congratulated students who demonstrated this month's Learner Profile - Collaboration. These students have shown wonderful teamwork, communication, and respect when working with others.

Collaboration is an important part of learning at Finnway, helping students build friendships, share ideas, and solve problems together.

Well done to all the students recognised for their positive example, and thank you to our teachers for continuing to encourage and nurture these important skills in the classroom.

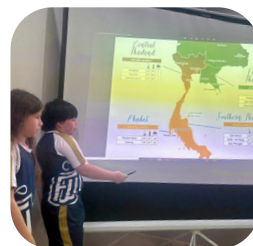

## Primary Reflection

### *First Half of Term*

The first half of the term has been a productive and engaging time across the Primary School. Students have been developing their literacy and numeracy skills, exploring new ideas through inquiry, and showing confidence and enthusiasm in their learning.

It's been wonderful to see students collaborating, supporting one another, and taking pride in their progress. Our teachers continue to create learning experiences that challenge and inspire, helping every child grow both academically and personally.

Thank you to our students, teachers, and parents for their continued commitment and teamwork. We wish everyone a relaxing mid-term break and look forward to welcoming students back on Monday, October 20th.

## Eco Speaking Camp at Naiyang Beach Resort

*3-4 October, organized by Finnway International School Phuket*

Last week, **Finnway International School proudly facilitated 36 students from Ammartpanichnukul School for the Eco Speaking Camp** at Naiyang Beach. This engaging programme blended English communication with environmental action, giving students a fun and meaningful way to learn and collaborate outdoors.

Students worked in mixed-ability "tribes," taking on a series of challenges including real beach surveys, waste-sorting and data charting, eco debates, and a reuse-and-design activity with recycled materials. Creativity and teamwork shone through as tribes performed their own "How We Save Nature" chants, combining simple lyrics with rhythm and energy.

The camp concluded with a grand finale where all tribes joined forces to solve environmental puzzles and unlock a final code — a true test of their teamwork, communication, and problem-solving skills.
