

Exploring Partnership Opportunities with **SDDC**

On Thursday, 14th May, members of the Finnway leadership team attended a partnership meeting at the Songklanagarind Dental Digital Center (SDDC) in Phuket.

The session explored possible future opportunities for schools in areas such as dental health education, workshops, and student learning experiences.

As we look ahead to next academic year, Finnway will explore whether there may be opportunities to work with SDDC to help students learn more about oral hygiene, healthy habits, and the importance of caring for their teeth.

Wellbeing Week **Reflection**

Our Wellbeing Week was filled with meaningful moments of joy, creativity, mindfulness, and connection. From the sound bath session to the exciting disco and colorful paint throwing activity, students embraced each day with enthusiasm and positivity, making the week truly special.

During Wellbeing Week, the SEN room was also set up as a calm space for staff to take short wellbeing breaks. Staff were invited to rest, colour, enjoy quiet activities, and have snacks during the school day. The aim was to provide a simple and accessible space for relaxation and small moments of recovery.

A heartfelt thank you to one of our parents, **Heidi** for the incredible care, warmth, and energy she brought to our school throughout the week. Her calming sound bath sessions provided students and staff across all grades with a beautiful opportunity to pause, relax, and reconnect through mindfulness. The peaceful atmosphere she created left a lasting impact on our school community, and we are deeply grateful for the time, passion, and kindness she shared with us.

-Wellbeing Team

Fire Safety Training and Evacuation Drill

Finnway International School Phuket recently conducted a Fire Safety Training and Evacuation Drill in collaboration with the Disaster Prevention and Mitigation Office of Rassada Subdistrict Municipality. This was the school's second fire drill practice for the academic year and forms part of our ongoing commitment to student safety and emergency preparedness.

The training covered fire prevention, evacuation procedures, and emergency response, followed by a simulated evacuation drill involving all students and staff. The activity was conducted safely under the supervision of school leaders and visiting fire safety officers.

We are pleased to share that students and staff responded calmly and cooperated well throughout the drill. We would also like to thank all staff members for their support and professionalism in helping students move safely to the evacuation area.

These practices are an important part of our safeguarding responsibilities and help ensure that everyone knows how to respond in an emergency.

Reminder

Dear Parents,

This is a friendly reminder about our **International Day on Friday, 22 May**. We would love for everyone to **join this special celebration** of **“Our World, Our Community.”** If you would like to **contribute a dish** to our food stations, please sign up using this [link](#).

Thank you for your support and participation. We truly appreciate your contribution in making this celebration meaningful and memorable for our school community.
