Finnway Successfully Completes Cambridge Approval Visit

This August marks an important **new chapter for Finnway as we begin our Secondary Programme**. For our students and families, this is more than the opening of a new year level, it is the next step in building a clear, continuous, and trusted learning pathway from the early years through to secondary education.

Our Secondary Programme will bring together **strong academic foundations, student wellbeing, and future-ready skills**. Students will be supported to think critically, communicate confidently, work collaboratively, and grow as independent learners, while continuing to feel known, valued, and cared for within the Finnway community.

As we move forward, we will continue **to combine the strengths of Finnish educational principles** with the structure, progression, and international recognition of the Cambridge framework, preparing students not only for academic success, but also for life beyond the classroom.

On **5 June 2026**, Finnway International School **welcomed a representative from Cambridge International** as part of our application process to **become a Cambridge Lower Secondary School**.

During the visit, we shared our school vision, mission, values, approach to teaching and learning, and the continued development of our learning environment. The visit also included a tour of our facilities, showcasing our classrooms, specialist learning spaces, and the wider environment that will support students as they progress through their educational journey.

We are delighted to share that **the visit went extremely well and was completed smoothly**. The feedback received was highly positive.

We are excited about this important milestone and look forward to sharing more details with our school community very soon.

We are proud of this achievement and excited to begin this new chapter, welcoming students to a learning journey that is both academically rigorous and deeply supportive.

Welcoming Meeri to the Finnway Community

We are delighted to welcome **Meeri Rajala**, a Bachelor of Social Services student from Finland, who is completing her practical training at Finnway International School Phuket until the end of July.

During her time with us, Meeri will be **supporting students' social and emotional learning, assisting with group activities, and working alongside our teachers and staff** in daily school life. Her focus on children's wellbeing, communication skills, and positive peer relationships aligns closely with Finnway's commitment to nurturing the whole child.

We are excited about the positive contribution Meeri will make to our school community and the valuable experiences and perspectives she brings. Her presence will further support our students' personal growth and wellbeing, creating a positive impact across the school.

We warmly welcome Meeri to Finnway and look forward to working with her throughout the coming months.

Welcome Back from Midterm Break!

We were delighted to welcome our students back to school after the Midterm Break. Although it was a short week, our students returned with **enthusiasm, positive energy, and a readiness to learn.**

The final weeks of the academic year are filled with exciting opportunities for our school community. We are looking forward to **upcoming events** including the **Parent-Led Learning Café, K3 Graduation, Grade 6 Graduation, Health Screening Day, the End-of-Year Event**, and the celebration of our students' achievements through their **end-of-year reports.**

We look forward to making these final weeks of the school year memorable and rewarding for all.

Parent Learning Café:

An essential seminar for parents to navigate AI safety and digital parenting.

Essential Topics

Keeping Children
Safe in the Age of AI

Children, Gadgets,
and AI

Join us for
Learning Café!

TUESDAY
